Work Experience

McPherson University

Nov 2022 till date

Job Description

1. PRAD Laboratory Studio Technologist

- **Equipment Setup and Maintenance:** Prepare and maintain multimedia tools, including audio consoles, video mixers, and digital editing software, ensuring all equipment is functional for practical sessions.
- **Student Guidance:** Provide hands-on training to students in Public Relations and Advertising (PRAD) techniques, such as creating promotional videos, designing campaigns using Adobe Creative Suite, and managing multimedia presentations.
- **Project Supervision:** Assist students in executing PRAD projects by guiding them through media production processes, including scripting, recording, editing, and final presentation.

2. TV Studio Technologist

- **Studio Operations:** Set up and operate television cameras, lighting systems, audio mixers, and video consoles during student-led productions or practical sessions.
- **Technical Training:** Teach students how to handle studio equipment for live broadcasts and pre-recorded programs while adhering to professional broadcast standards.
- **Maintenance and Troubleshooting:** Ensure all TV studio equipment is properly maintained, troubleshoot technical issues during productions, and conduct minor repairs when necessary.

3. Radio Studio Technologist

- **Broadcast Equipment Management:** Operate and maintain radio studio equipment such as microphones, sound mixers, transmitters, and audio editing software.
- **Practical Training:** Guide students in producing radio programs by teaching sound recording techniques, editing audio content, and scheduling broadcasts.
- **Quality Assurance:** Monitor audio levels and sound quality during student productions to ensure professional standards are met.

4. Photography Studio Technologist

- **Studio Setup:** Prepare photography studio equipment such as cameras, lighting rigs, tripods, backdrops, and editing software for student use.
- **Student Instruction:** Train students in photography techniques including camera operation, lighting adjustments, composition principles, and post-production editing using tools like Adobe Photoshop.
- **Portfolio Development:** Assist students in creating professional portfolios by supervising photo shoots and providing constructive feedback on their work.

- Teaching
 - Taught Government
 - Ensured the curriculum for the purpose of the examination was covered at 80%.
 - Ensured practical questions were given to build the student up at a 90% level before the set time for examination.
 - Prepared students for Western and National examinations (WAEC, NECO, and JAMB)
